THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of Stoddard in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Stoddard on Tuesday, the Fourteenth day of March, next at seven of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the Town will vote to raise and appropriate for Highways and Bridges for the ensuing year.

4. To see what sum of money the Town will vote to raise for Snow Removal for the ensuing year and make appropriations of the same.

5. To see what sum of money the Town will vote to raise and appropriate for the general expenses of the Highway Department, for the year ensuing.

6. To see if the Town will vote to raise and appropriate the sum of Three Hundred Seventeen Dollars and Eighty Four cents ($317.84) for T.R.A. so called.

7. To see what sum of money the Town will vote to raise and appropriate for the maintenance of public landings.

8. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Fire Department, for the ensuing year.

9. To see whether the Town will vote to raise and appropriate the sum of One Hundred Seventy-Eight Dollars ($178.00) in support of the operating costs of the Elliot Community Hospital for the Year 1967.

10. To see if the Town will vote to raise and appropriate the sum of One Hundred Sixty-Four Dollars and Eighty-eight cents ($164.88) to advertise the Town, said money to be paid to the Monadnock Region Association for this purpose.

11. To see what sum of money the Town will vote to raise and appropriate for street lights.

12. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Public Library.

13. To hear reports of Committees and take any action thereon.

14. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of Taxes.

15. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Town Dump.

16. To see if the Town will vote to accept the provisions of the Municipal Budget Act.

17. To see if the Town will vote to take any action on having a reappraisal of the Land and Buildings made and raise and appropriate money for the same.

18. To see if the Town will vote to new lights in the reading room of the Library and raise and appropriate money for the same.

19. To see if the Town will vote to raise and appropriate the sum of Seventy-Five Dollars ($75.00) for the control of White Pine Blister Rust, or take any action thereon.

20. To see if the Town will vote to raise and appropriate any sum of money for repairs to the interior of the Town Hall.

21. To see if the Town will vote to authorize the Select-

men to have a so called Area Light installed in the yard of the Stoddard Center School, and to raise and appropriate such funds as may be necessary for the maintenance of the same, or take any action thereon.

22. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this Fourteenth day of February, in the year of our Lord nineteen hundred and sixty-seven.

REPORT OF LIBRARY TRUSTEES

During the year of 1966, the Davis Public Library was open on Saturday evenings from 7:00 P. M. to 9:00 P. M. for the summer months. The average books drawn at this time was thirty to forty per evening, mostly taken by non-residents and a few residents, and included fiction, non-fiction and juvenile.

Throughout the school year, the Library hours are planned for 2:15 P. M. to 4:15 P. M. on Wednesday of every school week. This enables the school children of both elementary and high school to obtain books, as the Bookmobile no longer stops at the school. An average of twenty-five to forty books are drawn out each week.

The Bookmobile comes to the Library every three months, and exchanges one-hundred fifty to two-hundred books for new ones, mostly juvenile, as there is a great demand for them. Several books were requested from the children of both elementary and high school, for the use and help of their school work.

During the year of 1966, twenty juvenile books of grades 2-6 reading level were purchased. Also one set of encyclopedias has now been completed.

New book shelves were built in the south room of the Library, where many old records and reports are now stored, thus making more space for other books in the reading room.

Special thanks are due to the Stoddard Women's Fellowship for their gift of new books.

REPORT OF TRUSTEES OF TRUST FUNDS

Due to the lack of time on the part of the trustees, nothing other than mowing was done to the cemeteries during the summer of 1966.

It is hoped that many improvements can be made during the ensuing year.

SUPERINTENDENT'S MESSAGE

When in the course of human events it becomes necessary for the voters of a school district to make a judgment relative to the organizational structure of its educational program, serious thinking should be the basis for making a determination. This is the problem with which most of the districts in Union #24 are faced this year and possibly next. The decisions of the voters will point the direction for educational endeavors within their communities for the next decade and perhaps longer. It is not too difficult to make decisions for a one or two year period as the precedents provide quite adequate information on which to make a judgment. However, to decide in 1966 what is going to be best in 1976 requires a different type of thinking and a considerable amount of guesstimation. Probably by the time this is being read some decisions will have been made but I expect there will be more to come. Therefore, as I proceed with my report I shall try to provide some information for your consideration without excessively showing my prejudices.

Federal

We are now in the second year of involvement in the federal aid to education program. P. L. 89:10 with its various titles has been tied to the government's poverty program and consequently has not provided to the rural areas anything but "peanut programs" financially. However, we have been able to utilize these meager funds to provide some additional services or improve some existing services in a manner which would not have been done had these funds not been available. We have also been able under these programs to acquire a considerable amount of equipment which would not otherwise have been available. Our libraries have been able to improve themselves measurably under the Title II program.

Unfortunately, the proliferation of the Viet Nam conflict and the aid to education program came into being at about

the same time. Now at a time when it was expected the education program would be funded in increasing amounts the requests for larger appropriations to carry on the war are going to receive top priority and it is expected that funds available for educational purposes will be of a token nature. Therefore I expect that at all levels of government there will be a reduction of expenditures of federal funds for education.

State

Article 83 of the Constitution of New Hampshire states, " . . . it shall be the duty of the legislators and magistrates, in all future periods of this government to cherish the interest of literature and the sciences, and all seminaries and public schools . . ." That the legislature took its obligations seriously is evidenced by the document entitled "New Hampshire Revised Statutes Annotated Relating to Public Schools". To administer the laws enacted relative to public schools the legislature created the State Board of Education and spelled out its powers in Chapter 186, section 5 as follows in part, "The State Board shall have the same powers of management, supervision and direction over public schools in this state as the directors of a business corporation has over its business . . . It shall be the duty of school boards and employees of school districts to comply with the ruls and regulations of the State Board."

The above shall leave no question as to where the responsibility for quality of New Hampshire's educational opportunities lies. Probably few would argue that this is not as it should be. However, there is a growing dichotomy between the two groups listed above and the local communities who have carried the burden of implementing the mandates of the legislature and the directives of the State Board.

The legislature and the State Board in their endeavors to provide quality education for all the pupils in the state have found it necessary to issue directives which required many communities to upgrade their educational efforts to a considerable extent. At the state level it was recognized that some communities were more able to support quality education than

others. In order to aid the less affluent communities maintain its educational offering at the level requested, the Foundation Aid program was established and in later years Building Aid, Sweepstakes, Education for the Deaf, Physically Handicapped and Mentally Retarded programs came into being. None of these programs have been funded to the extent of the need and very few to the extent of the statutes.

A good example of this lack of funding the state aid programs is revealed when it is observed that in 1966-67 Antrim received $11,917.71 from the Foundation Aid program and if full payment would be made in 1967-68 they would receive $52,294.66 In 1966-67 Hillsboro-Deering received nothing but if the program was fully funded for 1967-68 they would receive $68,730.85.

Few people realize the extent that change is taking place in education today. To attempt to keep up with this change the state is putting more and more pressure on local communities to upgrade their educational efforts. It is obvious that the improvement of present services and the addition of new services plus the inflationary trend in all phases of operation is of great concern to the local school districts who now carry the brunt of the burden of financing their educational endeavors. It is well known that the State Board is considering new standards for various phases of the state's educational program and that the 1967 legislature will be considering legislation which will increase the cost to the local school districts. To what extent can the local districts absorb these additional costs?

I am among that growing number who feel that with the responsibility for establishing educational standards in the state goes the responsibility to financially support these programs to a greater extent than the state is now doing and that until such time as the state is willing to assume a much more realistic responsibility, no new programs be implemented at the state level which require local level funding.

While we are discussing school costs, let us again examine the state average per pupil cost for tuition purposes which does not include debt service and transportation:

Year	High School	Elementary
1962-63	$457.00	$279.00
1963-64	449.00	295.00
1964-65	467.00	311.00
1965-66	489.00	328.00
1966-67	521.00	351.00
1967-68	589.00	401.00

For the first time in years Hillsboro-Deering is able to establish their tuition rate in line with the state average. The school board has taken advantage of the two percent rental factor allowed and have increased their 1967-68 rate from $475 to $600 per high school pupil.

You are all probably cognizant of the fact that the State Board of Education has joined the Hopkinton and Henniker School Districts to Supervisory Union #24 as of July 1, 1967. The office will continue to be in Hillsboro but because of space requirements it may be necessary to relocate. There will be two additional members of the staff and I wish to welcome Mr. Douglas Brown who has been elected to the position of assistant superintendent. He will spend a considerable amount of his time working with personnel and curriculum, areas which have been neglected by this office of late.

Local

At the 1966 annual district meetings Antrim, Bennington and Hillsboro-Deering elected committees which have been involved in studies which could lead to membership in a co-operative school district. A year ago it looked as though Antrim, Bennington, Hillsboro-Deering, Henniker and Weare had cause to feel that there was considerable merit in joining for educational purposes. Today the picture has changed drastically. Bennington and Antrim have withdrawn from the above group and have cast their lot in the direction of the Peterborough study while Hopkinton has joined in study with the remaining districts. If all the districts involved in the studies become members of the respective cooperative school districts,

there will be enough pupils involved to program educational opportunities comparable to most in the state at a per pupil cost which must be considered favorable in the light of the previously listed advancement. Antrim, Hillsboro-Deering, Hopkinton and Weare are or soon will be faced with building programs if they do not become a part of a cooperative. Therefore this is an opportune time to be considering such a move. By the time you read this the coop will have been accepted or rejected by the involved districts. It is my hope that should there be failure at this time that the same groups will again try to present to the voters an acceptable program in the very near future. All are faced with financing adequate programs and nearly all are faced with new construction. My personal feeling is that the only answer is for a joint solution to these problems. The day of an adequate small operation is past and the sooner the problem of size is solved the sooner we can get on with the job of quality education.

For the first time in my life I found myself joined with several other superintendents opening school with a vacancy on the teaching staff. Fortunately I was able to obtain a person to fill this vacancy within two weeks so little was lost. However, such an experience is frightening when it is obvious that our teacher training institutions will be unable to improve the teacher shortage situation for at least three more years. Your board has moved in the direction of making teacher procurement funds available comparable to most New Hampshie districts, but again this year I anticipate a most difficult time in filling our staff vacancies.

Again I wish to express my appreciation to those with whom I have worked for their fine cooperation and to all others for any contributions they may have made in the interest of education. Through such cooperative spirit, we do move forward.

Respectfully submitted,
NORMAN R. HARTFIEL,
Superintendent of Schools

FIRE RECORD

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.

2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our firest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.

2. Be sure all discarded smoking material is out.

3. Don't leave a live camp or cooking fire.

4. Most important — Instruct your children that matches are not play things.

Truly — Only You Can Prevent Forest Fires
